Cheryl graduated from Minot State University, North Dakota in 1998, with Master of Science Degree in Communication Sciences and Disorders. She has a professional background working with pediatric and school-aged children with articulation disorders, delays in understanding (receptive language), stuttering, voice problems, at risk infants due to prenatal and birth complications, hearing impairments, cleft lip/palate, social language problems, oral motor and/or feeding difficulties and learning or other developmental disabilities. Cheryl works with children and adults, providing rehabilitation for motor speech disorders, stroke, traumatic brain injury, swallowing disorders, stuttering and practiced in the Grey-Bruce area since 1999 in a wide variety of clinical settings. She has received specialized training and engaged in continuing education related to autism spectrum disorders, oral motor disorders and auditory processing disorders in her private practice since 2003. She received the S.Co.B.E. Award for Entrepreneur of the Year from the Saugeen Business Association in 2005. She is an active board member with the Grey Bruce Youth Literacy Council. She regularly mentors high school, college and graduate students in speech therapy as a career.

Cheryl D. Lindsay, Registered Speech-Language Pathologist M.S., (S-LP)

## **Janine Taylor,Registered Speech-Language PathologistM.Cl.Sc., S-LP (C) Reg**

Janine Taylor is a speech language pathologist who earned her Master of Clinical Sciences degree from Western University. Her professional experience has primarily been in schools, where she has assisted clients with various speech and language needs, such as (use of) language delays, articulation/phonological disorders, augmentative and alternative communication (AAC), literacy skills, fluency/stuttering, and voice concerns. Janine has worked with individuals with a variety of neurodivergent learning needs.

Janine is certified in the Hanen programs 'It Takes Two to Talk' and 'More than Words'. Additionally, she has completed the 'Language Protocol' and 'PROMPT'.

## **Betty Oâ‘ Rourke, Clinic Assistant**

Betty is a part-time Clinic Assistant. Betty has greatly enjoyed meeting and working with all the clients, learning new things, and growing the team. Betty has extensive experience in the dental, optometric and education fields as a Clinic Assistant and Administrator, doing a bit of both of these things at New Horizons Rehabilitation Services Inc. In addition, Betty has done a significant amount of work at care centres, helping patients with various health challenges. She has personal family connections to physical rehab and has also added many workplace-specific courses to her resume over her career. Finally, she is a keen volunteer in many ways and a mentor within the Big Brothers/Big Sisters organization. Betty looks forward to being “with you all the way” in achieving our goals.
